TO : [REDACTED]

DATE: 21 January 1965

FROM : DAD/S&D

Suspence Date : 25 January 1965

~~SUBJECT:~~

25X1A

Some time ago in the Program Review Board meetings the antenna work by [REDACTED] and possible work by [REDACTED] was approved. However, letters from OEL to OL just came past me today. Could you give me a brief breakdown on just what happened on what dates and if the period seems overlong between Program Review Board approval and this letter, indicate why.
